TABLE MOUNTAIN

Jody: Why is Table Mountain called Table Mountain?
Lebo: *It is because the mountain has the same flat shape as a table.*
Jody: I heard on television that it is one of the seven natural modern wonders of the world.
Lebo: *Really? What does that mean?*
Jody: It means it is a major tourist attraction and everyone will want to visit it. It is natural because it was not made by people.
Lebo: *Should we hike up the mountain or take the cable car?*
Jody: I don't know, you decide!
Lebo: *What an adventure! Maybe we can go down the mountain in the cable car.*
Jody: Do you know that there are dassies living on Table Mountain? They are related to the elephant family.
